REQUIRES ATTENTION

Reporting period upto (31/08/2026 - 03:00 PM)

3 PRIORITY ITEMS

Increase in Child Abuse Cases — CRITICAL

A noticeable spike in child-abuse cases was recorded on 30 Aug 2026, with **29 cases** in last 24 hours, **Faisalabad (5)** and **Kasur (4)** recorded the highest number of cases. Overall, **136 cases** were reported from 24–31 Aug 2026, with the highest caseload in **Faisalabad (16), Kasur (15), Khanewal (14), Sheikhupura (8), Vehari (7)** and other districts. Several smaller districts are reporting disproportionately high caseloads relative to their population size.

Torture and Brutal Assault — HIGH

A disturbing pattern of violent assault and unlawful confinement was reported on during the current month in multiple districts. In **Gujrat**, a young man was brutally tortured and forced to ingest acid, in **Lahore**, a citizen was forcibly detained & assaulted. In **Faisalabad**, a citizen was subjected to a severe assault involving clubs and bricks & in **Vehari**, a disabled customer was allegedly violently assaulted by shopkeepers. The incidents highlight a disturbing disregard for lawful means of resolving disputes.

Armed Road-Rage Dispute on Civil Secretariat Bus — HIGH

On 31 Aug 2026 at 0840 hours, near Dolphin Headquarters on Sagian Road, an unidentified individual driving vehicle AJX/978 allegedly stopped in front of Civil Secretariat bus No. LEG/1101 following a road-rage dispute. The suspect reportedly exited his vehicle carrying a pistol, struck the bus with the pistol butt, verbally abused the driver/passengers and issued threats . Amid heavy traffic, the suspect managed to flee. The incident raises concerns over the use of firearms for intimidation during road-rage disputes.

KEY INSIGHTS & RECOMMENDATIONS

1. Child Abuse recorded a significant **spike** at 29 cases, 71% above the 7-day trend, requiring immediate attention, enhanced monitoring, and targeted preventive measures.
2. Gang Rape was recorded **above** the usual 30-day level, while other major crime categories remained within the normal range, indicating localized areas requiring focused intervention.
3. Traffic enforcement showed a mixed trend, with vehicle impoundments **above** the 30-day baseline; while fine collection and FIR/Arrest activity remained below the 7-day trend.
